#### PRODUCT DESCRIPTION:

magnofy - Make your surfaces magnetic.

Turn smooth surfaces (glass, tiles, paint) into a magnetic holder in seconds.

The innovative gel pad combines a strong **nano adhesive layer** on the underside with a **magnetic surface** on top - no drilling required.

- **No tools required:** clean the surface, remove the protective film, press on, dock the magnet.
- **Strong holder & residue-free:** Sticks securely and can be removed cleanly.
- **Reusable:** Simply rinse with water, dry and use again.
- **Quality:** Rust-free, non-toxic and Made in Germany.

#### Typical applications

- **Bathroom:** Towel, shower squeegee, organiser
- **Kitchen:** hook rails, cloth holder, spice/tool hanger
- **Office:** cable management, headphones, note/clip solutions
- **Workshop/vanlife:** tools, lamps, organisers, shelves, bars
